## LASSO LIGHTING COLLECTION

Inspired by the SkLO *lasso* sculptural object, the *lasso* lighting collection consists of pendants, wall lights, and table lights in multiple configurations and finishes, all executed in a thrilling combination of steel and Czech glass. Thick individual loops of Czech glass, each with a boldly expressed overlapping fire-polished joint, are stacked and suspended in groups, supported by steel frames with clean, minimal lines.

To bring this exciting lighting collection to you, SkLO has partnered with famed Czech lighting manufacturer, Preciosa. With a reputation that is hundreds of years old, Preciosa brings the highest level of quality and craftsmanship to SkLO : LIT. All light fixtures are UL listed.

Our partnership with Preciosa allows us to go beyond production lighting - SkLO can now provide services to the design community for custom lighting fixtures and lighting installations of any scale, anywhere in the world.

SkLO : LIT brings the SkLO reputation for quality and inventive modern design to the world of lighting. Rethinking what lighting can be.

<b>lasso</b> vertical pendant, chrome	290mm H x 370mm Dia	LT131PNC
<b>lasso</b> horizontal pendant - short, chrome	632mm H x 295mm W x 370mm D	LT132PNC
<b>lasso</b> horizontal pendant - tall, chrome	632mm H x 295mm W x 370mm D	LT133PNC
<b>lasso</b> table light - short, chrome	350mm H x 370mm Dia	LT134PNC
<b>lasso</b> table light - tall, chrome	510mm H x 370mm Dia	LT135PNC
<b>lasso</b> wall light, chrome	135mm H x 370mm D	LT136PNC

*some dimensions based on handblown glass components and are therefore approximate.*

*each individual crystal lasso component is handblown and therefore unique - no two are exactly alike - bubbles and other minor imperfections are part of the glassblowing process. the overlapping end joints of individual crystal lasso components may or may not be completely fused.*
